

## A SIMPLE Monetary SOLUTION 1x14x30

The FUTURO-Plan is **DESIGNED** to the interest from **ALREADY EXISTING** government or corporate Bonds and Guarantees! It's a plan that **WILL WORK** without spending 'new' money and without a change in government or policy! **Do you dare to believe that a SIMPLE SOLUTION EXISTS?**

The children are our future. Their hope is in your hands. What happens to children in their first period of their lives is essential in their development and thus the development of our society and the world.

Regardless of the 'GDP' value of any Nation, The **FUTURO-Plan** provides a **SOLID** and **SIMPLE** Mathematical Formula for a **WORLD PEACE SOLUTION** by creating a 30 YEAR Plan in which **FAMILIES** and **CHILDREN** receive **EVERYTHING NEEDED** to ensure Education, Recreation, Food, Actual Spending Money, Medical Care and More! The **FUTURO-Plan** actually encourages smaller and community banking institutions to hold the Government Guarantees that pay out interest to families in the local community.

**The FUTURO-Plan Does Not require that money be 'spent' by a government or institution to pave the way for our children's future.** This plan takes advantage of **already existing funds** that can be HELD BY ANYONE who wants to **MAKE TRUE CHANGE.**

## One Billion Hungry ???

**1** This value represents the GROSS DOMESTIC PRODUCT (GDP) per Capita for ONE child

The total market value of all final goods and services produced per person in any country each year. For 1 child we divide this amount by 14 to calculate the amount per month received by your family. **EXAMPLE: For Australia this would equal \$3,344**

**14** \$3,344 Per Month PLUS two additional holiday months to cover expenses totaling 14 months per year.

The FUTURO-Plan recognizes that every family deserves to celebrate their most important holidays together and with PEACE of MIND! One thing all cultures have in common is the fact that those special times are expensive and often require traveling which is a part of life and family.

**30** 30 Year GUARANTEE creates the FOUNDATION for the next GENERATION

Let's face it; the REAL FUTURE will be created by today's youth. It's time for us to TAKE CHARGE of the world that we are presenting to the next generation! A SINGLE Bond, or government backed 30 year guarantee in the bank is all it takes, and this is accomplished ALL OVER THE WORLD EVERY DAY with nothing more than a signature! No BAILOUTS or DEBTS are required for the FUTURO-Plan!

We live in a world where 95% of all the wealth is controlled by 5% of the people. Many families in Nations around the world are living on less than a dollar per day. This paradigm is **not working**...of that we can be certain.

We believe the time has come for a **paradigm shift**... a new way of thinking and living together on the Earth....a NEW HUMAN CONCEPT based on **SIMPLICITY.**

**We have a SIMPLE SOLUTION!**

Our Plan is so basic and so simple that everyone, every NATION, every government can easily understand it and put it to use. It is based on a principle so powerful, that for the first time in the history of the world we have the ability to create a **TRULY STABLE** Economy for everyone with everyone included and no one left out.

We can now do this because our Plan is based on everyone's greatest asset... the one thing that everyone in the whole world values more than anything else. Our plan is based on the future of our Children. We call our plan The FUTURO-Plan.
